

2019 SUSTAINABILITY REPORT

Reclamation of Pee Dee Plant

Throughout early fall, AMC worked in partnership with Seed Slingers, an erosion control specialist, to improve a 30-acre restored area, located near Pee Dee, SC. The parcel was an opportunity for our operations to showcase our commitment to land preservation and optimization for biodiversity in our communities. Great care was taken to preserve and reclaim this area. By importing topsoil, sloping four acres, and seeding the property with native vegetation, the area is better stabilized and able to prevent erosion from water runoff, and support a more robust wildlife habitat.

Beach Cleanup

Volunteers from AMC participated in a seasonal beach cleanup event and worked to collect garbage along the shoreline of Wrightsville Beach. The group covered a nearly two-mile span that stretched from Johnnie Mercer's Pier to Oceanic Pier. Projects like this show our companies' commitment to keeping the places that we live, work, and play, clean and beautiful.

Nourish NC

In a first-time partnership with Nourish NC, AMC donated nutritious snack packs to feed 100 K-5 students spread across schools in our community. The children that received donations were those deemed to not have adequate access to affordable and nutritious food. Nearly half of all kids in New Hanover county qualify for free and reduced lunches.* This is an important issue in our community, and we are committed to doing our part to help.

Betty Cameron's Women and Children's Hospital

AMC has accumulated nearly 90 volunteer hours through weekly visits to Betty Cameron's Women and Children's Hospital. Volunteers assist in restocking supply cabinets and aiding in the care of new born babies. Volunteering is an important part of our Wellness Program at AMC, and we are proud to support our employees who participate with, and help our community in meaningful ways. In 2020, AMC is offering all employees the chance to donate 4 hours of paid time to any cause of their choice.

AMERICAN MATERIALS HEADQUARTERS

6131 Oleander Drive
Wilmington, NC 28403
(910) 799-1411
